Tailor-made Photographic Tours & Sightseeing Safaris

We specialize in Safaris/Tours tailored to meet each client's individual requirements. Our focus is on smaller groups (2 to 8 persons) to ensure maximum personal attention. For hunters, there's the option to combine hunting safaris with sightseeing tours a few days before or after the safari. Non-hunters can also participate in these activities while the hunting takes place.

Our safari lodge is located in a private Big Five game reserve, internationally recognized for introducing 28 black rhinos as part of efforts to conserve this highly endangered species. Encompassing approximately 60,000 acres, the reserve is home to the Big Five and various plains game animals native to the area. Our strategic location allows us to offer additional activities listed as day trips from our lodge.

Explore any or a combination of these fantastic destinations:

- National Parks and game reserves (choose from five).
- Historical places of interest, including cultural villages.
- Tiger fishing and boat cruises on a lake surrounded by a game reserve.
- Deep-sea fishing and whale watching in the Indian Ocean.
- Curio and jewelry shopping.
- Elephant interaction and educational tours.
- Kruger National Park and Mozambique.

The cost of these trips and activities will be provided upon request.
